Rental villa St Tropez — 60 000 euros / week

Villa pure

Nestled within an expansive 11,000-square-meter estate, this exquisite villa offers a contemporary haven of tranquility. Comprising two distinct residences, the first spans approximately 500 square meters, while the second, a delightful space for friends, measures 280 square meters—each featuring its own private pool.

The estate boasts a total of eight ensuite bedrooms, with five nestled within the main villa and three within the guest villa. Two spacious living and dining areas are seamlessly connected by a meandering pathway of cobblestones, creating a leisurely stroll amidst olive trees, umbrella pines, and terraced olive groves.

From the arid ambiance of cacti and pebbles, adorned with hues inspired by polished crushed glass reminiscent of the American deserts, visitors are guided towards a humid atmosphere in patios adorned with tropical ferns.

As night falls, the natural light yields to the glow of 250 carefully positioned lights, artfully illuminating the architecture, water features, topography, and the diverse landscaped settings.

The villa is fully equipped with smart home automation, ensuring a seamless and technologically advanced living experience.

Ample parking spaces further enhance the convenience for guests, completing the allure of this seasonal retreat. Whether under the warmth of the summer sun or the serene ambiance of winter, this villa promises an enchanting escape for every season.
